

IMPORTANT NEWS ABOUT YOUR **ROYAL MAIL** DELIVERY SERVICE

In this area our friendly and hardworking postal staff are being made to walk further and deliver later. This is part of new procedures that mean we all have to get used to **afternoon deliveries**. Also, If you are out and a parcel or recorded delivery item card is left you now have to wait **a minimum of 2 days** before the item goes via the central sorting depot to your local sorting office for you to collect. The queues at local sorting offices are getting longer and the risk of loss of the item is high.

PM delivery + 2 days + queue = INCONVENIENCE
